Next Step: DREAM HOME REVIEW

This is where your design dreams start to become reality.

HELPFUL THINGS TO KNOW

YOUR DECISION TO BUILD YOUR VERY OWN DREAM HOME WAS A HUGE STEP.

This upcoming milestone is a big one — we would call it the personalization stage. Everything you have envisioned will start to come together with colors and selections.

WHAT'S NEXT FOR YOU?

- Review the Introduction to the Red Door Homes App and its importance in ensuring a positive Journey.
- Review the Introductory Letter available on the App and sent by email.
- Check out the Introduction to our Virtual Design Studio to explore your selection choices for the exterior, kitchen and bathrooms.
- Be sure to bring any questions you may have - this Dream Home Review meeting is all about clarity.
- Remember that structural changes are not available after this meeting.

Take a deep breath — we'll guide you from here.

At this time, your Red Door Homes Team Leader will transition from your Dream Home Consultant to your Design Consultant.

Reach Out Anytime

If you used the app pre-purchase you were primarily interacting with the Dream Home Consultant. In this phase of your Journey, the Design Consultant will now be your Team Leader and others will join the conversation and be members of the Team that will see your home to completion. We're here to support, clarify, and simplify – not overwhelm.

Where are we on the Journey?

Your dream home is one step closer. You have decided to buy it – now, continue to plan it!

WHAT RED DOOR IS DOING

- Assigning your personal Builder.
- Coordinating with your Design Consultant on field and/or Land Evaluation notes.
- Drafting your personalized preliminary home plan.
- Reviewing potential engineering, permits, and material needs.
- Adding your home into our Pre-Construction Scheduling.
- Double-checking every detail for a smooth handoff to the Design Consultant to ensure a productive Dream Home Review.

When will My Dream Home be Finished?

There are a number of things that have to happen before we can predict that. Once we get your Dream Home under construction, we can narrow down the timeframe for you. Typically, as your home progresses through construction, the estimated time for completion becomes more precise. Once construction begins, we'll be able to provide a six-week completion window. As your Dream Home progresses, that window will narrow to four weeks and then two weeks.

We are just like you – EXCITED – so let's keep the momentum going and get your Dream Home underway!

NO NEED TO MEMORIZE EVERYTHING

We've got your back!

Ask us anything. Truly. We'll communicate everything clearly and follow up as needed!
